Subject Index to Volume 38

A

Abdominal revascularization procedures utilizing the splenic artery: report of two cases and review of the literature, 223
Abscess, formation, and postoperative hemorrhage following biliary tract surgery: a search for causative relations and means of prevention, 295
hepatic, quantitation of an, by A-mode ultrasound, report of a case, 292
periurethral, in patients with major burns, 318
Adenocarcinoma in the isthmus of a horseshoe kidney: a case report and review of the literature, 422
Adhesive adjuncts, potentiation of wound infection by, 343
Adrenalectomy, the influence of, and the serotonin-induced chronic gastric ulceration, 7
Air-fluidized bed, thermal regulation of pediatric patients in the operating room by means of an, 111
Amputations for peripheral vascular disease, present management of, 87
Anastomosis, esophageal, a comparison of technics of, 533
lymphovenous, in dogs, alleviation of experimental lymphedema by, 409
Anesthesia, intrathoracic resection of the trachea, for, 227
spinal and local, in inguinal hernia repair, 591
Aneurysms, abdominal aortic, ruptured, 608
abdominal, endoaneurysmal graft with a tube prosthesis for, 428
Anticoagulant therapy, brachial plexus paralysis, an unusual complication of, 454
Aorta, abdominal, and inferior vena cava, trauma of the, 303
cross-clamping, intermittent, of the, minimizing, air embolism from the aortic root during, concept and preliminary report, 278
terminal, chronic occlusion of, surgical treatment of, 481
Aortic cross-clamping, renal protection during, 685
Aortography, emphysematous cholecystitis following, 274
Appendicitis, acute, present problems of, 247
Appendix, vermiform, congenital absence of, 355
Arnold-Chiari malformation in infants and young children, surgical treatment of hydrocephalus caused by, 377
Art of medicine, the, its heritage and future frontiers, 57
Arteriography, noninvasive, a new approach for arterial visualization, 494
Artery, splenic, abdominal revascularization procedures utilizing the: report of two cases and review of the literature, 223
Ascites, iatrogenic chylous, 436
Atherosclerosis, experimental, and hypercholesterolemia in dogs, protective effects of bile diversion to the distal fourth of small intestine, 10
Atresia, intestinal, neonatal, experimental model for, an, 680
Autografting of small second degree thermal burns, 136
Autografts, jejunal, long-term results of replacement of infected arterial prostheses with, 373

B

Barium enema, perforations of the colon from, 583
Bed, air fluidized, thermal regulation of pediatric patients in the operating room by means of an, 111
Bile diversion, protective effects of, to the distal fourth of small intestine against experimental hypercholesterolemia and atherosclerosis in dogs, 10
Biliary, obstruction, use of I^{131} rose bengal scans in diagnosis of, 328
tract surgery, postoperative hemorrhage and abscess formation following, a search for causative relations and means of prevention, 295
Biopsy, ill-advised, 357
Blood, fresh whole, exchange transfusion with, effect of, on refractory septic shock, 49
Book reviews, 582
Brain, arteriovenous malformations of the, 621
Breast cysts, aspiration of, 509
Breast enlargement, unilateral, in the adolescent, 560
Breast operations, noncosmetic, aesthetic considerations in, 542
Burns, major, patients with, periurethral abscess in, 318
major, stress ulcers in patients with, 107
studies in: IX. Sodium, potassium and water content of skin and burn eschar, 364
thermal, small second degree, autografting of, 136

C

Cancer, breast, diagnostic value of age in, 257
colon and rectum, of the, polyps and, trends in the diagnosis and management of, 130
immunotherapy of, in man. V. Studies of patients with primary and metastatic tumors of the lung, 418

Cancer drugs, new, a search for, streptozotocin, 514
Cannulation, peripheral, and bypass, under local anesthesia in high-risk cardiac patients 486
Carcinoma, breast, lobular, a multidiscipline view of, 115
colon, simulated, in the rabbit, the probable immunological role of regional lymph nodes in, 660
internal, cutaneous metastases as a manifestation of, diagnostic and prognostic significance, 629
liver, metastatic, of the, prolonged intermittent arterial infusion for, 425
Cardiac arrest in the operating area, 241
Cardiac patients, high-risk, peripheral cannulation and bypass under local anesthesia in, 486
Cardiovascular function, assessment of, during operation using Doppler technic, 352
Catheter, cardiac, flow-directed balloon-tipped clinical application of a, 694
Chest deformities, moderate funnel, in children, criteria for the management of, 498
Cholecystitis, acute, in pregnancy and the puerperium, 314
chronic calculous, in an atypical bilobed gallbladder, 233
emphysematous, following aortography, 274
Cholecystogram, reinforced oral, an evaluation of the, 546
Colitis cystica profunda, localized, a benign lesion simulating malignancy, 237
Colon injuries in civilian practice, 218
Colon, lymphoid polyposis of the, 322
perforations of the, from barium enema, 583
Common duct stones, retained and recurrent, 63
Corticosteroids and heparin, effects of, on renal ischemic injury, 333
Coumarin skin necrosis complicating thrombophlebitis and pulmonary emboli: case report, 451
Craniocerebral bullet injuries, civilian management of, 346
Cyst (s), adrenal, 456
breast, aspiration of, 509
presacral, an uncommon entity: report of a case and review of the literature, 448

D

Dexamethasone therapy for stress ulcer, 638
Doppler technic, assessment of cardiovascular function during operation using, 352

E

Emboli, pulmonary, evaluation of inferior vena caval occlusion to prevent, 268
thrombophlebitis and, coumarin skin necrosis complicating, case report, 451
Embolism, air, minimizing, from the aortic root during intermittent cross-clamping of the aorta: concept and preliminary report, 278
Embryoma, renal, in an adult, 468
Empyema, pyogenic, a continuing problem, 205
Eyelids, paralyzed, reanimation of, with temporal muscle transfer, 285

F

Fasciitis, necrotizing, caused by hemolytic *Staphylococcus aureus*, 523
Fistula (s), arteriovenous, an analysis of fifty-eight cases, 154
enterocutaneous, some innovations in the management of, 405
Foreword, 527

G

Gallbladder, agenesis of the, and its operative management: report of a case, 117
atypical bilobed, an, chronic calculous cholecystitis in, 233
rupture, in an infant, treatment of, 335
use of the, to replace blood vessels in dogs, 555
Gastric emptying, delayed, following operations for peptic ulcer, 181
Gastric mucous production, effect of increased intracranial pressure on, 13
Gastric surgery, delayed jejunogastric intussusception after, an ever-present threat, 172
Gastrin, gastric acid and pepsin secretory response in dogs to an, 569
Gastrocnemius muscle, spontaneous rupture of the, presenting as acute thrombophlebitis, 385
Gastroesophageal reflux, detecting, by pH recording and acid reflux test, 281
Gastrostomy, temporary tube, 168
Graft, arterial patch, autogenous peritoneum as an, 653
endoaneurysmal, with a tube prosthesis for abdominal aneurysms, 428
syngeneic skin, rejection, associated with oncogenic viruses, 563

H

Hemangioblastoma, spinal cord, a case of, and review of the literature, 460
Hemodialysis, arteriovenous shunts for, long-term experience with, 259
Hemorrhage, postoperative, and abscess formation following biliary tract surgery: a search for causative relations and means of prevention, 295
Heparin and corticosteroids, effect of, on renal ischemic injury, 333
Hernia, bilateral, repair, routine, is herniogram the answer to? 43
inguinal, repair, comparison of morbidity after spinal and local anesthesia in, 591
Herniogram, the answer to routine bilateral hernia repair, is? 43

Hydrocephalus caused by Arnold-Chiari malformation in infants and young children, surgical treatment of, 377
Hypercholesterolemia, experimental, and atherosclerosis in dogs, protective effects of bile diversion to the distal fourth of small intestine, 10
Hyperparathyroidism, acute, 307
historical highlights of, 648

I

Ileum, leiomyoma of the, intestinal obstruction due to, 439
Intestinal obstruction due to leiomyoma of the ileum, 439
in the adult, congenital duodenal stenosis causing, case report and review of the literature, 413
Intestine, small, decompression of the, by retrograde intubation, 586
Intracranial pressure, effect of, on gastric mucous production, 13
Intubation, and mechanical ventilation, interpretation of tracheal cultures in, 537
retrograde, decompression of the small intestine by, 586
Intussusception, jejunogastric, delayed, after gastric surgery: an ever-present threat, 172

K

Kidney, horseshoe, adenocarcinoma in the isthmus of a: a case report and review of the literature, 422
Kidney transplants, human, experience with, fifty, 74

L

Lactate infusion, tolerance of, by wounded in hemorrhagic shock, 124
Leiomyoma, ileum, of the, intestinal obstruction due to, 439
Lesion, benign, simulating malignancy, a, localized colitis cystica profunda, 237
Liposarcoma, subcutaneous, of forearm, 176
Liver, carcinoma, metastatic, of the, prolonged intermittent arterial infusion for, 425
Lymphangiectasia, intestinal, primary surgical implications, 288
Lymphedema, experimental, alleviation of, by lymphovenous anastomosis in dogs, 409

M

Melanoma, malignant, management of, 93
Membrane oxygenator, prolonged use of, to treat pulmonary insufficiency, 299
Microcirculatory responses to commonly used therapeutic drugs, 145

N

Necrosis, coumarin skin, complicating thrombophlebitis and pulmonary emboli: case report, 451
hemorrhagic, within a pheochromocytoma with symptoms of acute abdomen, treatment of, 380

O

Optical system (endoscope), a new miniature, potentials of, as a diagnostic aid, 312
Orchidopexy, "long loop vas," the, for the high undescended testis, 69

P

Pacemaker implants, permanent, incidence and management of problems associated with, 612
Pain control, hypothermic subarachnoid saline injection as a method of, 142
Pancreatitis, acute, a 10-year study, 574
Pancreas, non-beta hormone-producing islet cell tumors of the, 601
Paralysis, brachial plexus, an unusual complication of anticoagulant therapy, 454
Parenteral water solution, formulated as a better extracellular water substitute, 389
Peripheral arterial operations, impact of computer technology on analysis of results of, 477
Persantine, use of, in preventing thromboembolism following valve replacement, 432
Pheochromocytoma with symptoms of acute abdomen, treatment of hemorrhagic necrosis within a, 380
Phlebography in varicose vein disease, 210
Physician in Gilead, 550
Plastic bags, inflatable, for body support, 230
Polyposis, lymphoid, of the colon, 322
Polyps and cancer of the colon and rectum, trends in the diagnosis and management of, 130
Popliteal arterial and venous entrapment, 657
Presidential address: some changes in the practice of surgery, 643
Surgery in British Columbia, 471
Surgical judgment, 1
Priapism, management of, 671
Prostheses, arterial, infected, long-term results of replacement of, with jejunal autografts, 373
small artery replacement, for, studies in the autogenization of, 664
Prosthesis, tube, endoaneurysmal graft with a tube prosthesis for, 428
Pulmonary insufficiency, prolonged use of membrane oxygenator to treat, 299
Pulmonary sequestration, 617
Pyloroplasty, z-plasty, 193

R

Radioisotope scanning, in the diagnosis of lymphoproliferative disorders of the thyroid, 35

Renal ischemic injury, effect of heparin and corticosteroids on, 333
Respiratory support, prolonged, in animals using veno-venous bypass and a spiral coil membrane respirator, 17

S

Saline injection, hypothermic subarachnoid, as a method of pain control, 142
Saphenous vein rack, 521
Sarcoidosis of the stomach: long-term follow-up of surgical therapy, 465
Scans, I^{131} rose bengal, use of, in diagnosis of biliary obstruction, 328
Shock, hemorrhagic, tolerance of lactate infusion by wounded in, 124
septic, refractory, effect of exchange transfusion with fresh whole blood on, 49
Shunts, arteriovenous, for hemodialysis, long-term experience with, 259
Sodium, potassium and water content of skin and burn eschar, studies in burns, ix, 364
Solution, a parenteral water, formulated as a better extracellular water substitute, 389
Snake bite, poisonous, a case of, 529
Stenosis, duodenal, congenital, causing intestinal obstruction in the adult: case report and review of the literature, 413
Stomach, sarcoidosis of the, long-term follow-up of surgical therapy, 465
Stones, common duct, retained and recurrent, 63
Streptozotocin, search for new cancer drugs, 514
Surgeon's assistant, experience with a, in a community practice, 214
Suture, surgical (Prolene), evaluation of a new, 671
Syndrome, ischemic visceral, 594
thoracic outlet compression, 443

T

Temporal muscle transfer, reanimation of paralyzed eyelids with, 285
Testis, undescended, the, the "long loop vas" orchidopexy for, 69
Tetanus prophylaxis, management and, in the treatment of puncture wounds, 199
Thromboembolism, use of persantine in preventing, following valve replacement, 432
Thrombophlebitis, acute, spontaneous rupture of the gastrocnemius muscle presenting as, 385
pulmonary emboli, and, coumarin skin necrosis complicating, case report, 451
Thyroid, lymphoproliferative disorders of the, radioisotope scanning in the diagnosis of, 35
Trachea, anesthesia for intrathoracic resection of the, 227
Tracheal cultures, interpretation of, in patients with intubation and mechanical ventilation, 537
Tracheostomy, a comprehensive view of, 251
thermally injured patients: a review of five years' experience, 119
Transfusion, exchange, with fresh whole blood, effect of, on refractory septic shock, 49
Transplants, kidney, human experience with fifty, 74
Tumor(s), glomus, a multifocal, case report and review of the literature, 161
lung, primary and metastatic of the, studies of patients with, V. Immunotherapy of cancer in man, 418
non-beta hormone-producing islet cell, of the pancreas, 601
primary rib, in children, 338

U

Ulcer(s), peptic, delayed gastric emptying following operations for, 181
peptic, disease, analysis of 10 years' experience with surgery for, 187
recurrent, mortality and, after selective vagotomy plus pyloroplasty, 504
stress, dexamethasone therapy for, 638
stress, in patients with major burns, 107
Ulceration, gastric, chronic, serotonin-induced, and the influence of adrenalectomy, 7
Ultrasound, A-mode, quantitation of an hepatic abscess by, report of a case, 292

V

Vagotomy, selective gastric, and total abdominal vagotomy, effects of, on Heidenhain pouch secretion in dogs with pyloroplasty, 667
selective, plus pyloroplasty, mortality and recurrent ulcer after, 504
Valve replacement, use of persantine in preventing thromboembolism following, 432
Varicose vein disease, phlebography in, 210
Vascular disease, peripheral, amputations for, present management of, 87
Vena cava, inferior, and abdominal aorta trauma of the, 303
Vena caval occlusion, inferior, evaluation of, to prevent pulmonary emboli, 268
Vena caval umbrella, duodenal perforation with a, 635
Veno-venous bypass and a spiral coil membrane respirator, prolonged respiratory support using, 17

W

Wound healing accelerators, an experimental study of, 26
Wound infection, potentiation of, by adhesive adjuncts, 343
Wounds, puncture, management and tetanus prophylaxis in the treatment of, 199
